

GOPAL PODDAR

Android Developer · Kotlin · Jetpack Compose · Firebase

Jamshedpur, Jharkhand | gopalpoddar1607@gmail.com | +91-9142812150 | [LinkedIn](#) | [GitHub](#) | [Play Store](#)

Professional Summary

Android Developer with production experience shipping apps via Kotlin, Jetpack Compose, and Firebase. Contributed to a Sweden-based social app (Chamberly AB) and a cross-platform startup (Digital Nexus AI) in fully remote teams. 2 apps live on Google Play Store. B.Sc. IT, Kolhan University (Expected 2027).

Technical Skills

- **Languages:** Kotlin (primary), Java,
- **Android:** Jetpack Compose, XML, Material Design 3, Navigation Component, Kotlin Multiplatform
- **Architecture:** MVVM, Clean Architecture, UDF, Hilt (DI)
- **Async & Network:** Coroutines, StateFlow, Flow, Retrofit, REST APIs, JSON
- **Firebase:** Firestore, Realtime Database, Firebase Auth, FCM
- **Database:** Room (offline-first caching)
- **Tools:** Android Studio, Git, GitHub, Google Play Console, Gradle

Experience

Mobile Developer Intern | Digital Nexus AI (Bengaluru, Remote) **May 2026 – Present**

- Built cross-platform UI screens in Flutter/Dart for a production startup app.
- Integrated 4+ REST API endpoints into app features, reducing data-load latency.
- Delivered responsive UI components aligned with Material Design.

Android Developer Intern | Chamberly AB (Sweden, Remote) **Aug 2025 – Dec 2025**

- Built a Tinder-style Android app in Kotlin featuring interest and hobby-based user matching using Firebase Firestore for profile data.
- Implemented real-time chat using Firebase Realtime Database.
- Reduced UI jank by refactoring fragment navigation to Jetpack Navigation Component.

Projects

KU Buddy – University Student Companion (Live · [Play Store](#))

- Built a Jetpack Compose + MVVM app serving Kolhan University students with syllabus & notes.
- Implemented offline-first architecture using Room Database, cutting server requests by ~60%.

Resell Panda – Book Marketplace App (Live · [Play Store](#))

- Built a peer-to-peer book buying/selling Android app in Kotlin & XML.
- Managed end-to-end deployment via Google Play Console including release signing & store listing.

Education

Bachelor of Science in Information Technology

Kolhan University, Jharkhand | 2023-May 2027 | CGPA: 7.3/10
